

Please help bring comfort and healing to those in need.

The Light of Healing Hope Foundation is pleased to announce the formation of their charitable organization.

"I was truly moved by Alexandra de Borchgrave's beautiful book of poems. Obviously I have given some thought about how to deal with disappointment and sorrow, and I found the prayers/poems so healing."

Amy Vance, NIH Patient, New York City

BRINGING HOPE TO OTHERS

The Light of Healing Hope Foundation (LHHF) is dedicated to providing books of hope as gifts to hospitals to comfort patients and their families at a time of adversity. We connect with volunteers to read poems to patients in hospitals, hospices, nursing homes, and wherever comfort is needed. We create poetry workshops in hospitals where patients may contribute their own writing to help them in the healing process. We also provide Healing Messages booklets in which they may write messages to share with their families and friends to bring comfort to others.

INSPIRATION

On the night of September 11, 2001, Alexandra Villard de Borchgrave prayed for a way to bring comfort to those who had suffered the worst loss imaginable. That prayer led her to write three books of poetry, *Healing Light*, *Heavenly Order*, and *Beloved Spirit* (Glitterati Incorporated). Thousands of books have been given as gifts to the 9/11 Survivors' Families, military families, and people experiencing great personal tragedy.

*"Alexandra's poems fill a patient's inner void with hope,
which contributes significantly to the overall healing process in cancer."*

Dr. David Sidransky, Oncology, Johns Hopkins Medical School

That heartfelt prayer also led Alexandra Villard de Borchgrave to found the Light of Healing Hope Foundation and find a fresh way to bring comfort and healing to those who are suffering. She has given all her rights, titles, and interests to *Healing Light*, *Heavenly Order*, and *Beloved Spirit* to the Light of Healing Hope Foundation so that the Foundation can continue the work of bringing hope and healing to those in need. Today, institutions such as Johns Hopkins Medicine and NIH are distributing her words of love, hope, and courage to patients and caregivers, nurturing the spiritual healing that is such a vital part of physical healing.

Light of Healing Hope Foundation is a 501(c)(3) non-profit organization.
