NEW DVD!
**LIGHT OF HEALING HOPE:
PEACEFUL MEDITATIONS**

We are pleased to announce that our new DVD, made possible by [The Morris & Gwendolyn Cafritz Foundation](#) grant, is now available [on Amazon!](#) We hope the videos will inspire hope, peace, and faith as the beautiful artwork from the [Freer|Sackler Galleries of Art](#) comes alive to classical music, including works by Handel, Mozart, and Mahler, set to the readings of Alexandra Villard de Borchgrave's reflective poems.

Numerous hospitals and hospices had requested a DVD version of the books for those who cannot read or hold a book. The visually rich and calming experience of the DVD brings an added level of comfort to patients and their families at a time of adversity. Walter Reed, Johns Hopkins, and VITAS Innovative Hospice Care are already receiving the [Light of Healing Hope: Peaceful Meditations DVD](#).

**Presentation leads to new
relationship with VITAS
Innovative Hospice Care**

A guest at the Capital Speakers Club luncheon at the Belgian Embassy on March 20, 2013 was inspired by our work and put us in contact with the hospice where her mother passed away. The [VITAS Innovative Hospice Care](#) immediately ordered 160 gift packages for their patients and families after reviewing the books and DVD.

"Thank you for the beautiful poetry and artwork in your books. I know our patients and families will greatly appreciate them and it will help them through their journey."

**Johns Hopkins requests additional
Healing Messages booklets**

Patients and families have been using our Healing Messages booklets with such success that Sarah Hoehlein, Director of Residential Living at the Johns Hopkins [Hackerman-Patz Pavilion](#), requested 100 additional booklets to accompany our third delivery of gift packages and keep up with the growing demand.
