

RAVE REVIEW FROM RONALD MCDONALD HOUSE CHARITIES!

Our gifts made a difference to families at a difficult time.

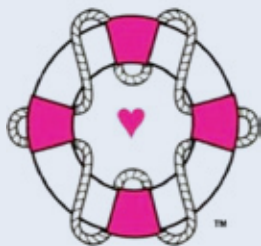

“Thank you for your generous gifts of beautiful and inspirational books for the families living at Cincinnati’s Ronald McDonald House this holiday season. Being away from home during the holidays can be incredibly lonely. Imagine just how lonely if you were caring for a critically ill child far from friends, family and your own cherished traditions. Thanks to you, none of our 78 guest families have to face the holidays alone this year. And, each parent will receive one of your beautiful books as a holiday gift.”

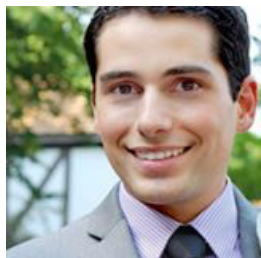

*Thank you for
this wonderful
gift - we love
your books and
knew they will
be so helpful for our
guest families!*

MEET OUR NEW EXECUTIVE DIRECTOR

Henrique Siblesz has been appointed Executive Director for the Light of Healing Hope Foundation starting January 2015. After 3 years on the Advisory Board as a Design Consultant he brings his energy and enthusiasm to this new position to help grow the Foundation’s outreach and mission of bringing comfort to those who are suffering.

Owner of design studio [Enlinea Design](#), and previously a designer at National Geographic magazine and Kinetik Communication Graphics, Henrique has experience working on a wide range of projects including brand awareness, implementing design standards, and organizing fund raising events. Henrique has been working with LHHF President Alexandra Villard de Borchgrave on the design, production, and distribution of her books since 2007. Since October 2014 LHHF has distributed over 5,300 gifts for a total of over 12,000 since its founding in 2010. We are very grateful to Robyn Stoller, our first Executive Director, for taking time from her inspiring endeavor, [CancerHawk](#), to start us on our way.
