"You will be happy to know we sold copies of your book at the Strathmore Hall Museum Shop Around event!"

~**Kelly Gotthardt**, Director of Retail Operations,
National Museum of Women in the Arts

INSPIRING MESSAGES FROM OUR BELOVED SPIRITS

We are delighted to share the positive feedback from patients and care givers after receiving our books of hope.

"To Catch A Thought was very uplifting and inspirational. It helps me remember to look for something positive in each day. I plan on sharing this motivational reflection with my family members. A nice reminder again why we are so blessed..."

~**Pam H.**, Patient at The Sidney Kimmel Cancer Center (LEFT)

"Thank you for the beautiful books. I shared them with the local hospice and the bereavement counselor said, 'They are wonderful, needed, and well received by patients and families.' Again, gratitude and appreciation for your messages of hope, healing, and love which provide moments of creative reflection and inspiration."

~**Alice V. Thompson**, Spiritual Care Director, Calvert Memorial Hospital

"I have been giving out these beautiful books for two years. My clients love them!"

~**Elisabeth Marcelin**, Bereavement Coordinator, Heartland Hospice
